

# Michael Byrd

◆ ◆ ◆ ◆ Web Developer

📍 Tallahassee, FL, United States

## ABOUT ME

I am passionate about technology, gaming, and problem-solving. I've always had a knack for understanding how things work under the hood, from optimizing gaming setups to diving deep into coding projects.

**Visual Studio Code**  
(Python, JavaScript,  
HTML, CSS)

**Jupyter Notebook**  
(Python Scripting,  
Data Visualization)

**MySQL, OracleSQL,  
MicrosoftSQL**

**Android  
Studio**

**Bitbucket**  
(Version Control)

## EDUCATION

### Florida State University

*Bachelors of Science in Information Technology*

Expected: May 2025

Presidents List - Fall 2024

Relevant Coursework:

- LIS 4331 - Advanced Mobile Web Applications Development
- LIS 3781 - Advanced Database Management
- LIS 4761 - Data Mining & Analytics
- LIS 4369 - Extensible Enterprise Solutions

## EXPERIENCE

### Product Demonstrator at CDS

*March 2025 - Present*

- I conducted engaging product demonstrations, which led to increased customer awareness and higher sales.
- I developed strong communication skills by interacting with a diverse customer base, ensuring a positive and informative experience.
- I ensured compliance with health and safety regulations during all presentations, maintaining a safe and professional environment.

### Sales Associate at Trulieve inc.

*May 2024 - September 2024*

- I assisted patients with product recommendations, which led to improved customer satisfaction and personalized service.
- I processed sales transactions and managed inventory, ensuring compliance with regulatory standards and accurate labeling.
- I educated patients on cannabis usage and dosage, which contributed to better-informed purchasing decisions and a more positive shopping experience.
- I handled deliveries, maintaining high service standards, and ensured timely and safe delivery of products to patients.
